PARDON OUR DUST WHILE WE IMPROVE COMMUNICATIONS!

We are working to improve the way we communicate to members. It takes time in a volunteer organization and we are doing our best. By this edition, the new website is up www.theorgc.com. We are working to create a web page that is a clean, easy to use resource for club information. We want the site to reflect our passion for sport shooting, mentoring youngsters, competition, helping veterans, encouraging others and the value of belonging to a club of like minded individuals. We are working on sponsorship and business affiliates levels and you'll get published as soon as that is complete. **The member's only area is still under construction, so please don't request access yet. We will let you know when it's ready. Check the Events At ORGC, page 9, for range closures noted in RED that may affect your plans.**

SATURDAY WORK DAY

Do you have a skill you'd be willing to share? Will you help out at your own club?

We request you assist with work at the club for a minimum of 8 hours each year. We begin at 9:00 a.m. every Saturday rain or shine.

We need help with repairs, painting, maintenance, range improvements, odd jobs, building, cleaning and organizing and everything in between.

We've had many new faces show up to help and they are a welcome sight! Our regular team is so much fun!

Contact Steve Verdi (585) 739-3195 if you have a specialty and time specific availability or better yet, come to the club on our Saturday Work Day, every Saturday rain or shine, and give us a hand.

We'll be looking for you! Thank you!!

THE WELL ARMED WOMAN—ONTARIO, NY

TWAW Ontario, NY held the first meeting of the shooting season on May 9. We had a great turn out of familiar, enthusiastic faces and some new ladies interested in improving their shooting skills.

As usual, there was lots of discussion, laughing and catching up on news. Leader Heidi Levan got married in Arizona in March. Megan Wood had a baby boy in April. Several ladies got new guns! Shirley Carson is spreading

enthusiasm for the NYS TWAW event, the Purplepalooza. Several ladies are interested in practical pistol competition. They will be participating in Competition Pistol Basics for Women I & II being offered by Aim Rights Training & Team Super Senior on June 23 and 30 11a.m.—4 p.m. See the ORGC Calendar of Events. If you are interested contact Frankie LaMarca, who will direct you to the correct source.

Our second monthly meeting included Range Safety Orientation specific to our host range, a review of shooting fundamentals, range time to assess new member firearm handling skills and target shooting in a controlled environment.

ORGC YOUTH PROGRAM—OUR FUTURE

ORGC Youth Club will meet every **Monday from June 10 to September 16, 2019**, except holidays from 5:30-7:00. Youngsters ages 12 and up, will learn the basics: range etiquette, handling, shooting, care and respect of sporting firearms.

John & Frankie LaMarca are leading program. It is free to member families, and \$20.00 per year for non-member Junior membership with no range privilege. This is the perfect opportunity to get your youngster involved in a lifetime of enjoyment.

Parents will be required to complete paperwork, must remain on site during the lessons and are **welcome** to participate or wait in the clubhouse. Snacks and drinks are available for purchase. Students must provide their own eye and ear protection, and may use their own gun.

To accomplish this, we need help and supplies and experienced adult instructors, shotguns and 22LR, ammunition and supplies. Let us know if you will help, and if you have a youngster interested in this opportunity.

MEET THE MEMBER WILLIAM "BILL" PALERMO

It all began with a fifty-cent student membership when he was sixteen years old. Decades later, William "Bill" Palermo, decided to retire from service at Ontario Rod and Gun Club. He was presented with an engraved fine watch and dog tag, with grateful thanks for all he has generously given to the club.

Bill's years of commitment to ORGC were interrupted from 1968-1971 when he joined the Army and became a Technical Instructor at Fort Monmouth in New Jersey. He taught equipment repair for everything from tubed tv units to super heterodyne receivers. After the army, he used those skills to repair microfilm equipment and trending electronics.

ORGC's history is always a part of a conversation with Bill because he saw its beginnings: a conservation club dedicated to preserving and enjoying the environment, including fishing derbies, trap shoots and teaching kids to shoot. The families and kids who were part of the club became part of an extended family. "I remember being out on the trap field, looking back at the house and seeing women in the window, knitting or crocheting." Bill's mom, Alice, was one of them for a while. But at age 65, she learned to shoot trap and within a short time she was involved in the same clubs Bill enjoys: Inland Waters Trap League, Brown Jug and ATA. "Keep your head on the stock and your eye on the rock, I'd tell people referring to Blue Rock brand clay targets made by Remington before they went orange."

Bill's volunteer responsibilities at the club are impressive. Besides breaking his own shooting records at competitions, he also taught trap shooting, was Secretary for most of his 40 years, recruited members, developed the Scatter Sheet newsletter, cooked, maintained the grounds, was an officer for ATA shoots, Inland Waters Trap League, Brown Jug League and managed the finances for those groups, too. "And, when I was younger, I used to sit inside the trap house and load trap machines."

He also carried on trap Prize Shoots like the Ten Man Prize Game. It goes like this: 10 shooters, 100 targets get logged on the trap shoot score sheet. When everyone is finished a number is pulled from a box. Then, counting only hits down each column, you stop when you reach the number pulled from the box. That's the winner. "It made it fair for everyone so even if you were not a good shooter, you had a chance to win." The box is under the back counter if anyone ever wants to give this gem a try!

The camaraderie and friendship are what kept Bill a valued member of the club for so many years. "All of it because I came and volunteered for all activities so there would be someone here to support the members." ORGC is grateful for your service, humored because it is taking five people to do the job you once did on your own, and lucky that you still want to hang out with all of us!!

Happy Retirement Bill!!

3-GUN NATION: A HIGH OCTANE COMPETITION

It's an exciting time at ORGC! We are the first and only official **3-Gun Nation** affiliated club in the state of New York! What does this mean for you? This means you as a shooter can join 3-Gun Nation and get your official national classification at local ORGC 3 gun events. ORGC will be holding larger scale 3 gun events that will contain special 3GN classifier stages. It is these classifier stages that will determine your national ranking. You will be able to directly compare your scores to the best shooters in the sport.

Browse the rules and membership information at:

<http://3gunnation.com>

What is 3-Gun?

3-Gun is best described as the “X Games” of the shooting sports. Fast paced action! The sport of 3-Gun requires three different guns — a pistol, a shotgun and a rifle. The course of fire is timed and you score points by shooting a variety of targets including paper targets, clay pigeons and steel.

In 3-Gun, the course of competition and targets are at the discretion of the match director. That's right, each match director makes up the competition so each 3-Gun match you shoot will be unlike the one you shot before. There may be shoot or no-shoot targets, targets that must be knocked down, while others, like steel, for instance, may activate another target. The course is scored by how many targets you hit, the accuracy of the shot on certain targets (cardboard), deductions for various penalties and, of course, the time you take to complete the course.

Gearing up for 3-Gun...

Believe it or not, you do not have to break the bank to enter the sport of 3-Gun. Attend a match to see what it's all about, and you're likely to find more than a few willing to loan you their guns for the day to get you started. Typically, you would start with a modern sporting rifle (MSR) such as an AR-15, a shotgun (pump or semi-auto as you choose) and a handgun. You are going to want to select a shotgun of 20-gauge or larger, a rifle chambered for .223 or larger and a pistol of 9mm or larger. You'll also need spare magazines for your rifle and pistol, as well as a way to carry and easily access spare shotshells.

If you have any questions or need more information on to participate, get involved, or join 3 Gun Nation, please email Keith Bourgeois at:

CIVILIAN MARKSMANSHIP PROGRAM - A NEW SUMMER PASSTIME?

CMP Match Schedule 2019

May 19

June 16

August 18

September 15

October 20

- **First squad starts at 10:00 a.m.**
- **On the 200 yard Range**
- **30 Round Course of Fire**
- **Match Fee \$5.00**
- **Mentors & Coaches there to assist**

The Civilian Marksmanship Program (CMP) is a national organization dedicated to training and educating U. S. citizens in responsible uses of firearms and air guns through gun safety training, marksmanship training and competitions.

Do you have an M1 Garand, Mauser, Mosin Nagant, or

some other old war horse gathering dust in the gun safe? Dig it out, dust it off, and come join us for some fun. The club will begin hosting regular Civilian Marksmanship Program (CMP) High Power Service Rifle matches throughout the shooting season. The 2019 match dates are: May 19, June 16, August 18, September 15, and October 20.

Eligible firearms are any vintage or modern military service rifle, semi-auto or bolt action, in an "as-issued" configuration (M1 Garand, 1903 Springfield, Mauser, Mosin Nagant, SKS, Enfield, Swiss K31, A2 / M4 profile AR-15, etc.).

Iron sights only, with the exception of the AR-15's. CMP now allows an optical sight (reflective sights are considered optical sights) with a maximum power of 4.5X installed on the receiver. According to CMP rules, only commercially manufactured scopes that were produced with a maximum magnification of 4.5X and that have a maximum objective lens diameter of 34 mm may be used.

The matches will take place on the 200 yard range and consist of a standard 30 round course of fire:

- 10 round slow fire prone with a 10 minute time limit
- 10 round rapid fire prone with a 80 second time limit
- 10 round slow fire offhand (standing) with a 10 minute time limit

The basic requirements are:

- an eligible rifle
- 40 rounds of ammo (the club does have a limited supply of 30-06 M2 ball available for \$1/round)
- a sling (a cheap GI web sling works the best)
- an empty chamber indicator/flag (we will have extras available)
- shooting mat, piece of carpet, or something to lay on while shooting prone
- stripper clips, enblocs, spare magazine (for the rapid fire stage)
- pen or something else to write with

Nice to have but not absolutely necessary:

- target pasters
- spotting scope
- shooting jacket
- shooting glove

The match fee will be a very reasonable \$5. We will have a few mentors/coaches available to make sure that everybody is comfortable with the process and has a good time. Come on out and join us for the fun!

Please contact **Todd Hughes or Bill Burger** to be added to the CMP Match mailing list for notifications concerning these matches or if you have any questions.
